Full-Stack Development | Software Engineering | Web Development

Full-stack developer with a combination of knowledge and experience in web application development, requirements gathering, and system analysis. Adept at partnering with business units to improve efficiency and remove barriers in applications, develop new product ideas, designs, prototypes, estimates, and maintain coding standards.

• Systems Development • Software Implementation • User Experience • Debugging & Research	• Agile Development • Code Maintenance • Technical Troubleshooting

PROFESSIONAL EXPERIENCE

Web Developer | Torillo Academy, Lagos.   **11/2024 –04/2025**

- Collaborated with student developers and UX designers to build a responsive e-book platform for reviews, ratings, and collections.
- Translated student UX wireframes and prototypes into mobile-first, accessible UI components using React and responsive CSS, ensuring consistent behavior across device sizes.
- Built front-end features with JavaScript and React and integrated with Django REST APIs for authentication, content management, and reviews.
- Took part in pair-programming sessions, peer code reviews, and sprint planning; used Git and GitHub for version control and issue tracking.
- Helped implement CI/CD pipelines with GitHub Actions and automated deployments to Netlify; participated in QA and test cycles to catch bugs early and improve app stability.
- *Technology Used*: HTML, CSS, BootStrap, React, JavaScript, Python, Django, RestAPI, Heroku, GitHub Actions, Git, Netlify, Postman.

Web Developer Intern | Deboik Int, Ikeja, Lagos.   **06/2025 – present**

- Converted Figma design templates into fully responsive React components, ensuring pixel-perfect implementation and modern UI best practices.
- Gained hands-on experience with the MERN stack (MongoDB, Express, React, Node.js), contributing to both front-end and back-end features of the ongoing company project.
- Participated in code reviews with the company CEO and senior developers, applying feedback to improve code readability, maintainability, and scalability.
- Collaborated with cross-functional team members during sprint meetings, contributing ideas, clarifying requirements, and aligning deliverables with client expectations.

- Enhanced understanding of professional software development workflows, Git version control, and collaborative project management in an Agile environment.
- *Technology Used*: Tailwind, NextJs, Vercel, Git, GitHub Actions, MongoDB, Express, React, NodeJS, Twilo

TECHNICAL SKILLS

Languages: JavaScript, Typescript, Python, Java

Database: SQL, MongoDB, SQLite3, PostgreSQL

Frameworks & Libraries: React, Next.js, Django, Spring Boot, Node.js, Express

Tools & Platforms: Git, GitHub, GitHub Actions, Firebase, Cloudinary

Deployment & Hosting: Vercel, Netlify, Render, Heroku

Development Practices: REST API design, CI/CD pipelines, Agile (SCRUM), Test-Driven Development (TDD)
